

JOIN THE PARARMOUNT FARMS TEAM

Paramount Farms is the largest grower and processor of almonds and pistachios in the world, owned by Roll International, a \$1 billion (+) privately held, international conglomerate. Other Roll portfolio companies include Fiji Water, Paramount Citrus, POM Wonderful and Teleflora.

From pioneering advances in orchard management to state-of-the-art processing, packaging and delivery technologies, Paramount Farms leads the industry in research and innovation – two areas that ultimately result in higher quality. This rigorous commitment to improvement has given Paramount the rare distinction of being the only nut supplier in the U.S. to receive ISO 9001 certification. More than \$100 million in capital improvements are in various stages of planning or completion. To prepare for this growth, we are looking for high potential, qualified individuals looking to join our fast paced, dynamic environment.

We are hiring Experienced Professionals looking to take their career to the next level as well as recent college graduates where we offer the mentoring and encouragement to become a true entrepreneur.

PFI offers a competitive compensation package, including base salary, bonus potential, fuel allowance and participation in the company's comprehensive benefit program.
